MAYOR OPENS PROGRESSIVE SHOW AT PARK

Flash of Light Sets City's First Industrial Exposition Underway.

GAYLOR LAUDS PROJECT

Booths at Exposition Building Display Products of Local Concerns.

Flash: And the South Bend Progressive Exposition was under way.

Thousands of residents of this and nearby cities witnessed the opening ceremonies at Springbrook park last night when Mayor Franklin R. Carson, with the faint touch of a finger, pressed the button that spread instant light throughout the mammoth Greek shaped pavilion, and set under way the city's first industrial exposition, illuminating booths that do and will until July 3, display products of local manufacturers.

Pres't E. F. Johnston, of the South Bend Chamber of Commerce, introduced Mayor Ralph Gaylor, of Mishawaka, a guest of the exposition committee. Mayor Gaylor highly praised the committee for its efforts and success in prompting the exposition, and the people of South Bend for their support of the project. Mr. Johnston explained the purpose of the industrial show and expressed hope that every resident of the city and of Northern Indiana would take advantage of the opportunity to see what progress the city has made in the industrial world.

Numbers Pleasing. The opening address, in which the public was welcomed to the industrial exposition, was made by Mayor Carson, who was enthusiastic over the mammoth display of manufactured products that have been assembled in the exposition building. This he said, was the first opportunity that the people of the city

MAY ASK CHANGE IN ARMY MEASURE

Harding Signs Appropriation But May Seek Modification in Bill.

WASHINGTON, June 30.—Pres't Harding informed congress Thursday that while he had signed the army appropriation bill with its provision for a reduction of the regular army to 150,000 men by next October 1, it might be necessary to ask for a modification of the measure later to avoid embarrassment to the secretary of war.

The executive declared in a special message sent to both the senate and the house that summary dismissal from the army of men who had enlisted for a longer period than October 1, would seem to involve a repudiation of a moral obligation by the government which would have its effect upon army morale and possibly influence further enlistments.

The nature of the modifications which might be asked for later was not disclosed nor did the president explain how it was proposed to meet the moral obligations to the men and at the same time carry out the direction of congress to reduce the force by some 70,000 men in the next three months. He did say, however, that every effort will be made to meet the requirement of the congress at the earliest possible day.

Say: Weeks, in discussing the bill Thursday said that if the war department succeeded in meeting the limitations imposed by congress, some 20,000 civilian employees of the army besides the 70,000 enlisted men would be thrown on the labor market.

Among those who have heretofore been inactive but who now are showing speed, are Steve Peters and Miss Mary Baker of District 1, and J. L. Liewin of District 8.

Orland Stull of North Liberty made a big jump in his standing and is now leading District 6 and but a short distance from the lead in the entire campaign.

AMBUSHES IN WEEK TOTAL 32; 25 DEAD

DUBLIN, June 30.—Ambushes in Ireland during the last week numbered 32, and the casualty list was 25, according to the weekly review of conditions in Ireland, issued from Dublin Castle Thursday. Both the number of ambushes and the total of casualties were lighter than the previous week, the review notes, "but it would be premature to attempt to attach particular significance to this."

The police casualties were two killed and seven wounded, while of the military nine were killed and seven wounded. Of the casualties, says the review, five represented assassinations.

PRESIDENT TO RECEIVE PEACE TREATY TODAY

House Adopts Conference Draft of Compromise Congressional Resolution.

FAVORABLE ACTION SURE

Discussion Centers Mainly on Provisions as to Enemy Alien Property.

By Associated Press. WASHINGTON, June 30.—Pres't Harding Friday is expected to receive the compromise congressional resolution ending the state of war with Germany and Austria.

By a vote of 263 to 59 the house Thursday adopted the conference draft of the resolution and it was taken up in the senate a few hours later in an effort to complete its enactment, but went over after an hour's debate until Friday with favorable action then said to be assured.

Discussion in both senate and house centered mainly on the provisions as to enemy alien property and the controversy over ending the state of war by declaring peace or by repealing the war resolutions. Rep. Flood of Virginia, senior democrat of the foreign affairs committee, said the country had been saved from a humiliate by the decision to declare a state of peace. Sen. Knox, republican, Pennsylvania, author of the original peace measure, said that either method would accomplish the desired result.

Treaty to Follow

That a treaty of peace is to follow the peace resolution was suggested by Sen. Knox and others during senate discussion. Referring to the resolution's provisions for holding enemy alien property, Sen. Knox said it meant "nothing but an expression by congress that we do not intend to have claims of the United States (against enemy countries) ignored, waived or not respected."

"This is only a suggestion," Sen. Knox continued, "to the president when he comes to settle the terms of peace with Germany, that these things should be taken care of. The president may ignore the suggestions. The status of affairs then may be such when we come to negotiate that treaty we may be more lenient with Germany; or we might require more drastic terms."

Sen. Walsh, democrat, Montana, replied that it was perfectly obvious that such a treaty to be entered into must regard the instructions from congress.

COMMITTEE READY TO SUBMIT REPORT

LONDON, June 30.—The group of the international chamber of commerce on transportation and communication of which Walker D. Hines, former director of railroads in the United States, is chairman, completed its work with the adoption of resolutions to be submitted to the general meeting of the conference tomorrow.

These resolutions include approval of the work of the international communications conference in Barcelona, Spain; the scheme for an Anglo-French tunnel and uniform measurement of the new tonnage of the restoration of the pre-war postal services, remedial preparatory legislation and improvement of cable facilities are also urged in the resolution.

BELIEVE SOLUTION OF CASE COMPLETE

KOKOMO, Ind., June 30.—Local police officials believe they have solved the mystery of the murder of the late Rev. Felix Goldman pastor of the North Street Baptist church, Tuesday night, when he was set upon by two men and severely cut. They have learned that Lena Grant, the girl who has admitted being with the preacher at the time of the encounter, was engaged to a young man from Tennessee, her native state, and that Goldman was instrumental in having her break the engagement. That man and a friend are known to have been in Kokomo quite recently.

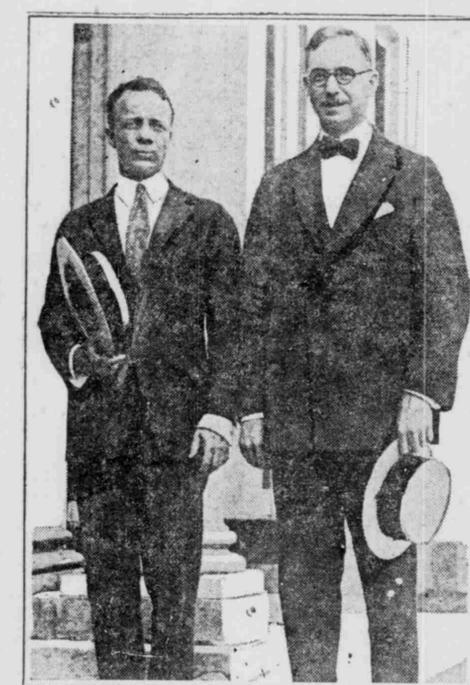

Goldman is apparently recovering from his wounds.

STILLMAN REFUSES TO BREAK SILENCE

May Return to Chair Today—Wife to Begin Counter Attack.

POUGHKEEPSIE, N. Y., June 30.—Six more hours of cross examination failed Thursday to break the silence of James A. Stillman, wealthy New York banker, on every matter having reference to his relations with Florence H. Leeds, former Broadway chorus girl, named by Mrs. Anne U. Stillman in her affirmative defense against her husband's suit for divorce.

All day long Mr. Stillman replied to question after question in one set way—"I refuse to answer on the ground that it might tend to incriminate me." On only a few occasions did Mrs. Stillman's lawyers succeed in bringing out an informative answer. Mr. Stillman answered their question only when they referred to gifts of jewelry to his wife.

Thursday night it was announced the cross examination of the banker had been completed. He will return to the witness chair Friday, however, if his attorneys obtain Referee Gleason's permission for re-direct examination on subjects uncovered during the cross examination. It was said that Mr. Stillman's lawyers would complete their case against Mrs. Stillman Friday, so that all future hearings would be devoted to her counter attack.

An indication of this counter attack came Thursday in the numerous questions which Mr. Stillman refused to answer. These inquiries, it was said, sought to bring out that the banker was intimate with Mrs. Leeds in New York, on Long Island, aboard his yacht, the "Modesty," and elsewhere, and that she bore him two children, Jay Leeds, 33 months old, and another, who died at birth in 1919.

The defense also sought to have the witness say that he showered Mrs. Leeds with jewelry, bought her coats, purchased an expensive apartment for her in New York, established two trust funds of \$150,000 each for the former show girl and her son, and himself objected to going to Europe last year and the year before, because to do so would have separated him from this woman.

WASHINGTON, June 30.—Charles G. Dawes continued his drive Thursday for the creation of a federal budget in the 30 days' limit allotted Thursday called a meeting of all the budget representatives who have been appointed by the various cabinet offices, to meet with the president and himself Friday morning at 10:30 o'clock in Dawes' office. RAILWAY LEADERS TO DECIDE ON CUT

Will Make Official Announcement Today or Saturday—Fear "Walkouts."

By Associated Press. CHICAGO, June 30.—Hundreds of railway union leaders gathered Thursday night in preparation for meetings Friday which will take up the acceptance or rejection of the wage reductions ordered by the railroad labor board, which are effective Friday.

Notes have been taken by a number of organizations and while no official announcement will be made until Friday or Saturday, it has been unofficially reported that the votes in some cases show a majority against acceptance of the cuts.

"The stationary engineers and oilers have voted 94 per cent against acceptance of the wage cuts," declared the Brotherhood of Locomotive Engineers. "The decision to accept or reject the wage reductions made by the labor board is up to the men and the men alone can make such decisions."

Do Nothing Rash. "There will be no nation-wide strike unless the men are forced into it," said B. M. Jewell, president of the railway employees department of the American Federation of Labor. "Our men will accept any reasonable adjustment. They are not going to do anything rash or unreasonable. They have been studying the situation and whatever decision they come to must be based on accurate knowledge of conditions."

FLASHLIGHT OPERATION PROVES SUCCESSFUL

EVANSVILLE, Ind., June 30.—Verne Clarke, 31, of Providence, Ky., is recovering in a local hospital Thursday, following an operation for appendicitis by physicians Tuesday night under the light of flashlights.

Lightning struck a transformer at the hospital just before the operation was to take place, damaging the electric lighting system and throwing the place into darkness. Physicians fearing that a delay might prove fatal to the boy, performed the operation by aid of flashlights.

HOPE TO DISPOSE OF NAVAL MEASURE TODAY

WASHINGTON, June 30.—Objections to house reductions in the naval appropriation bill Thursday tied up the measure in the senate and with all appropriations expiring with the fiscal year at midnight Thursday night, caused a technical lapse in funds.

Final disposition of the bill Friday was the aim and hope of leaders of both the senate and house, but they were prepared to rush through an emergency resolution, continuing present naval appropriations, should the deadlock continue.

Numerous conferences were held Thursday between senate leaders and once it was decided to yield to the house on all points and rush the bill to the president to avoid lapse of the appropriations. Later, however, it was decided to throw the entire matter into the senate Friday, with the result in doubt.

Several special trains, numerous special cars and extra sections on virtually every first class train between western points and New York will deposit their quotas within the confines of the metropolis by evening, ready for the concrete adjuring across the Hudson to Jersey City early Saturday. The Woodland Bards, Chicago's famous organization of sport enthusiasts, will arrive Friday evening on a Pennsylvania special train.

On the New York Central the Twentieth Century Limited will run in three sections; the Fifth avenue special in two sections and the Lake Shore limited in two sections. Special car parties are booked from Cincinnati, Indianapolis, Chicago, Los Angeles, San Francisco, Denver, Mobile, Dallas, Fort Worth and other cities.

On every other road entering the metropolitan district, sleeping car and general passenger car service will be greatly augmented, the railroads being prepared to handle a greater throng than ever before has been accommodated for a sporting event.

Being on the outcome of the fight in the financial district here was very light Thursday. For some reason, presumably for the purpose of shortening the odds on Dempsey, followers of the American withdrew.

SEN. FRANCE BEGINS LAST LEG OF JOURNEY

RIGA, June 30.—U. S. Senator Joseph P. France was ready to depart Thursday night on the last leg of his trip to Moscow. The bolshevik legation furnished him with an interpreter for the journey, and at the risk of stripping its cashier of ready bolshevik money, found enough to equal 15 American dollars, a special thousand rubles per dollar, enabling the senator to proceed with a pocket full of five thousand and one thousand ruble bills.

Sen. France wanted to take an arm load of this currency, but the Riga banks could not sell without a considerable amount of government red tape, which there was not time to untangle. The trip to Moscow will occupy two days.

"GayParee" Can't Be Bothered With Business Affairs

By Associated Press. PARIS, June 30.—Georges Carpentier will receive, a few hours before he enters the ring in Jersey City Saturday to meet Jack Dempsey, a cablegram signed by Gaston Vidal, under secretary of state for sports, wishing the Frenchman "a fair and even break of luck in the battle of your life."

M. Vidal explained that he was representing all the sporting federations of France, and that he thought it his duty to express to the French champion the earnest good wishes of the French people.

Almost the sole topic of conversation Thursday had to do with the approaching fight in Jersey City. Many prominent financiers, although worried over the financial situation growing out of the banking troubles, expressed the opinion that it was a good thing.

EX-PRESIDENT GIVEN POST OFFICE HIGH TRIBUNAL

Senate Confirms Nomination With Only Four Dissenting Votes.

ATTAINS LIFE AMBITION

Former Chief Executive Hopes for Gratification at High Honor.

By Associated Press. WASHINGTON, June 30.—Former Pres't William Howard Taft was nominated late Thursday by the U. S. supreme court and nomination was confirmed by senate in executive session.

The nomination was not confirmed without opposition, however, and a call was demanded. The opposition was understood to have been voiced by Senators Borah of Idaho, J. P. Jones of California, and La Follette of Wisconsin, all republicans.

They were said to have criticized Taft's nomination. On the roll call, however, four votes were cast against nomination. These were by Sen. Borah, Johnson and La Follette, and Senator Watson, democrat, Georgia.

The final vote was sixty to twenty against Taft's nomination. An agreement was reached not to make public the roll call, and the senate's doors were closed for discussion of the nomination after suggestions that Mr. Taft confirmed in "open executive session," because he is a former president, had been rejected by his opponents.

Senators Borah and Johnson were the fight on the floor in opposition to Mr. Taft, while he was defended about a dozen senators, including Minnesota, and Willis of Ohio, Alabama, minority leader, Smith of South Carolina, Overman of North Carolina, and Broussard of Louisiana, democrats.

Attack Qualifications. Senators Borah and Johnson were reported to have attacked the experience and qualifications. According to reports filtering out from the senate chamber, Sen. Johnson was said to have declared that Mr. Taft's appointment was purely political and should be rejected.

Sen. Johnson, it was stated, asserted that Mr. Taft was not a politician and had "abandoned" his profession after leaving the white house. The senator also stated that he was reported, said that he had tried to disregard personal objections to the nominee and was voicing his opposition solely because Mr. Taft had lacked for nearly a generation or more, any legal experience which would fit him for the highest judicial post of the nation.

Reference was made, it was said, by Sen. Borah to the "drafting" from the supreme bench by the republican party of Sec'y. Hughes to become the presidential candidate of the republican party. In this connection, it was stated, Mr. Borah had made the statement "that having taken an able lawyer from the supreme bench four years ago and made a politician of him, I am now proposed to take a politician—a politician who has devoted practically his mature life to politics and put him on the supreme bench in the interest of the party politics."

The defense of Mr. Taft, it was said, was led by democrats. Sen. Underwood said that Mr. Taft had made himself beloved by the south," adding that this sentiment was due largely to Mr. Taft's appointment when president of a southerner, the late Chief Justice White, to the highest judicial position of the country. Similar statements were made by Sen. Broussard of Louisiana, the native state of the late chief justice.

Mr. Taft's legal learning was praised, it was said, by Senators Knox and Willis, the latter referring to his experience on the bench in Ohio.

Sen. Kellogg, it was said, referred to the positions of honor held by Mr. Taft in bar and similar associations.

Southern senators, it was reported with the exception of Mr. Watson of Georgia, were solidly behind the appointment. Sen. Smith of South Carolina, it was stated, discussed the race question, commending Mr. Taft, it was said, for refusing to appoint any but white men to office in South Carolina. Sen. Lodge of Massachusetts, republican, leader, and Sen. Brandegee, republican of Connecticut, where Mr. Taft resides, did not join in the discussion, it was said.

ATTAINS AMBITION. MONTREAL, June 30.—"It has been the ambition of my life to be chief justice of the United States," William H. Taft declared Thursday night, "but now that it is gratified I tremble to think whether I can worthily fill the position and be useful to the country."

"I have received telegrams announcing that the president has nominated me to be chief justice of the United States and that the senate has at once confirmed the nomination," said Dr. Taft in a signed statement commenting on his appointment as chief justice.
